TERSELY TOLD.

Mrs. A. M. Avery, Miss Estella and Miss Katherine Avery, and Mr. Albert Avery all returned to the city last night from Atlanta.

Secretary W. C. Jones, of the Chamber of Commerce, whose office was in the burned Brent building, has established a temporary office with the Pensacola Investment Co.

Night Watchman William Steele has resumed his duties as watchman of the First National and Citizens National Banks. On account of several of his children being sick, with yellow fever he was compelled to remain at home for about two weeks.

That renters intend to own their own homes as soon as possible is as certain as that young men intend to marry when ready. EVERY DAY some renters are ready to buy—and some young men ready to marry. Real estate ads. interest both.

W. F. Fordham, of Georgia, was yesterday appointed administrator of the estate of the late J. L. Stephens. Two appraisers, F. Lindemann and Chas. Mann, were also appointed to appraise the stock of jewelry preparatory to selling it. P. K. White was appointed clerk to the appraisers.

United States Deputy Marshal R. P. Weir, who has been confined to St. Anthony's hospital for the past three months, was on the streets yesterday, and was greeted by his many friends in the city. Mr. Weir was taken ill on July 15, and has suffered since that time with a carbuncle on his neck.

WORKMAN HAD HIS LEFT ARM BROKEN

Desmond Westmar, one of the employees of the Saunders Mill Co., located north of the city, had his left arm broken Wednesday afternoon, when a belt slipped on the machinery and struck the arm.

CAPTAIN OF SHIP PLACED UNDER ARREST

Charged With Perjury in Swearing That He Had No Stowaway on Board.

Captain E. Santagata, master of the Italian ship Trinita, was placed under arrest yesterday on a charge of perjury. The first carpenter of the ship was also taken in custody upon the same charge.

When the ship arrived here she was sent to quarantine, and there the master of the crew occurred. At that time the master made oath that no stowaways or passengers were on board his vessel.

Afterwards Immigration Inspector A. A. Seraphic visited the ship and made an inspection, and the same statements were made to him. It was found, however, that the captain and the chief carpenter knew of the presence on board of a negro stowaway named George Morris, and both made oaths that no one of this nature was on board.

Warrants for the arrest of both the master and the chief carpenter, the latter named Platone Andrea, were immediately issued, and they were arrested.

The captain gave bond for his appearance before Acting Commissioner Bellinger for trial. The carpenter, could not furnish bond and was held in jail.

Members of the crew claim that the ship's carpenter discovered the stowaway when the ship was about twenty-four hours out from Barbadoes.

They should be spared all worry and anxiety. They should eat plenty of good nourishing food and take gentle exercises. This will go a long way toward preserving their health and their beauty as well as that of the little one to come. But to be absolutely sure of a short and painless labor they should use

WHIDDONVILLE

Special to The Journal.

Whiddonville, Nov. 2.—Mrs. Apple and son Elbert were visiting our town Sunday.

Judge Hallmark and family, who have been occupying Mr. Chas. Jackson's residence, will move to the Chas. Seal's home in a few days.

We are glad to say that none of our Pensacola refugees have tried to kill any William goats for catamounts yet. If they have they failed to report it.

A party was given at the home of Mr. Davis, the section foreman, Saturday night. Those who attended report having a good time.

Lawyer Zachary, a yellow fever refugee, who has been spending the past month with his mother-in-law at her country place, returned to Pensacola last evening.

Several others of our Pensacola friends are talking of returning soon. Mr. B. E. Whiddon presented the writer with two stalks of sugar cane that had twenty-one mature joints. Also a turnip of the cow-horn variety that weighed four and a half pounds and measured twelve and a half inches in circumference.

We are still eating snapbeans and peas but are expecting jack frost to end this luxury before many days longer.

Mr. John Brewster, who is still with the wire fence gang, visited his wife and friends here last Saturday night and Sunday.

A singing was given at the home of Mrs. B. E. Whiddon Sunday night. Quite a large crowd was in attendance including several ladies from Pensacola. Miss N. Tapola furnished the music on the piano. Mr. Ben Whiddon rendered several selections on the violin, accompanied on the piano by his little daughter Miss Vera.

Mr. Joel Suggs will begin grinding cane about the tenth of this month. Mr. Suggs has quite a lot of cane to grind for himself and also for his neighbors.

Hay making is about over and tater digging time has come.

Ancient Mirrors.
Wilkinson, the historian, shows that the world is indebted for mirrors to the ancient Egyptians. At first they were made of metal, so well compounded and polished that some recently dug up from Thebes have regained a wonderful luster after burial for thousands of years. Oval in shape, they were fastened to carved wooden handles. References are made to such looking glasses in Exodus and Job. The Greeks and Romans made similar mirrors of silver.

At Murano, near Venice, in the thirteenth century the republic protected the trade and jealously guarded its secrets, securing a lucrative business for a century and a half. Mirrors were then made from cylinders of glass flattened on stone, carefully polished, beveled at the edges and silvered by an amalgam.

Origin of Pussy's Name.
A great many years ago the people of Egypt, who had many idols, worshipped the cat among others. They thought she was like the moon, because she was more active at night and because her eyes changed like the moon, which is sometimes full and at other times only a slight crescent, or, as we say, a half moon. So they made an idol with a cat's head and named it Pasht.

A cat's head they gave to the moon, for the word means the face of the moon. The word has been changed to "Puss" and "Puss" has come at last to be "Pussy," the name the most of us give to the cat. Puss and pussy cat are pet names for kitty anywhere now. But few think of the name as given to her thousands of years ago and of the people who then bowed down and prayed to her.

DONATIONS TO YELLOW FEVER FUND

Continue to be Received, But Much More Money is Necessary.

Donations to assist the local officials in caring for the sufferers from yellow fever continue to arrive, but notwithstanding the liberal contributions, there is a large amount now necessary to carry on the work of relieving the poor. There are a number of destitute families in the city, and but for the charity work there would be untold suffering.

VINOL'S RELIABILITY

PROMINENT PHYSICIANS JOIN OUR LOCAL DRUGGISTS W. H. WHITE & CO., IN PRAISING THIS MERITORIOUS PREPARATION.

Countless physicians and druggists are now prescribing and endorsing Vinol as the most valuable cod liver oil preparation known to medicine, and it is fast superseding all other forms of cod liver oil and emulsions. This is because Vinol is guaranteed to contain in a highly concentrated form all of the medicinal, curative elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of the useless, system-clogging oil to upset the stomach and retard its work.

Vinol is not a patent medicine, as everything in it is named on the label, and it can be seen that it is absolutely free from drugs and all injurious ingredients.

A prominent physician writes, "I believe Vinol to be the most valuable cod liver oil preparation, the best body-builder, health restorer, and strength creator known to medicine, and I should be very sorry to have to do without Vinol in my practice."

A member of the above firm says, "In cases where cod liver oil, emulsions and other tonics fail, Vinol will heal, strengthen and cure. In the strongest manner we endorse and guarantee Vinol to create strength for old people, weak, sickly women and children, and after severe sickness, and to cure hacking coughs, chronic colds, all throat and bronchial troubles or return money if it fails." W. H. White & Co., druggists.
